The Layers Panel The Layers Panel is a great way to organize images and create layers. A layer is a set of pixels that can be moved, resized, and edited individually. Layers can be edited using the Layers Panel window. You can merge layers into a single layer by selecting them with the Layers Panel. Layers can also be moved, changed, or deleted from Photoshop or Photoshop Elements.

This isn't just a list of the features you'll find in Photoshop, but an overview of

which are most important to you as a photographer or creative person in general. There's a lot to see in Photoshop and if you're looking to get started, we've outlined the most important features in our cheat sheet. For those who already know their way around Photoshop, this guide will tell you more about the "hidden gems". What is Photoshop? Adobe Photoshop is a raster graphics editor. This means you can edit the pixels in your images. Photoshop is designed to work on RAW files with plenty of options for the beginner. Photoshop exports most of its images in a default format which is sometimes known as "sRGB". Saved images in this format have greater than 99% of the color gamut of a Rec. 709 (8-bit) pixel. (Unfiltered) The other 1% of the color gamut is available via a smart object (see below). Photoshop also has a number of other format options including TIFF, JPEG, GIF and PNG which makes it simple to save your files in

different formats. The Best Lightroom alternative: Lightroom or Lightroom alternative? If you're a seasoned Lightroom user, you're likely to know it inside and out. But it doesn't hurt to familiarize yourself with Lightroom alternatives such as Photoshop, Paint Shop Pro or GIMP. You'll still have all the advanced features of Lightroom and work with the same powerful catalogue and tools you're used to. If you're just starting out with Photoshop and are looking for a sleek and modern alternative to Lightroom, we've outlined some of the best Lightroom alternatives below. Lightroom alternative: Adobe Photoshop or Photoshop alternative? Although Photoshop is a popular photo editing software, it's not the only alternative you have. There are three other great alternatives: Adobe Photoshop Paint Shop Pro GIMP The following table helps you make a decision on which tool to use. Adobe Photoshop is an excellent and

[Left ventricular remodelling in dilated cardiomyopathy: refractory cardiogenic shock]. Fifty-six consecutive patients with idiopathic dilated cardiomyopathy in New York Heart Association classes III to IV were submitted to a cardiac catheterization, a Doppler echocardiogram study, and a right and left heart catheterization. The following measures were assessed: hemodynamic and echocardiographic parameters; severity of coronary artery disease and microcirculation; ventricular function, contractility, and filling and stiffness; atrial and ventricular dimensions, the pressure of the left ventricle, right ventricle, and right atrium; the pressure of the pulmonary artery, aorta, and vena cava; the oxygen tension in the arterial blood. Forty-three patients had a left ventricular ejection fraction or = 145 mm Hg in 52 of

them. The corrected diastolic filling time was > 2.5 s and the isovolumic relaxation time was > 90 ms in 80%. The septum was thickened and the posterior wall was significantly decreased. A low cardiac output syndrome was identified in 23 patients (40%), and in eight of them (15%), the preload of the left ventricle was inadequate and the left ventricular ejection fraction was Bilinear interpolation In

during the first period Friday at the Ralph Green Arena. Curry turned away four of five shots for the Bears. -- Joe Somma The Bobcats (11-4-2) move on to face the winner of top-seeded Yale and No. 13 Harvard in Saturday's semifinals at 7 p.m. "Obviously, you want to go further in the tournament," senior forward Jake Guentzel said. "You could tell in the third period, we were really focused. We had a lot of energy, and that made a difference." Quinnipiac was without nine players for the majority of the contest as five of its six defensemen were knocked out by injuries. Junior Dan Kipner (Waterford, Mich.) was the lone healthy defensive presence for the Bobcats in net, making the difficult decision to play defense throughout the five-game tournament with just one-handed gloves. QUINNIPIAC HOCKEY: 1-0-1 2-0-0 3-0-0 4-0-0 5-0-0 Brown hockey came out with a strong start, taking a 1-0 lead just 12 seconds into the contest.

Quinnipiac senior forward Parker Milner dropped a puck right to the stick of Brown senior defenseman Jordan Schmaltz, who then fired a shot that was partially blocked by Quinnipiac sophomore goaltender Nick Schneider. The puck bounced around the boards, and Schmaltz collected the loose puck and scored just 34 seconds into the contest. Before the Bobcats could realize they'd given up an early lead, junior forward Nick Desiderio (Syracuse, N.Y.) hammered home a rebound to regain the momentum, tying the score just before the midway mark. The Bobcats found themselves in another tough spot to begin the second period, as Brown tied the game up at 2-2 just over two
